- Shedgaon, Tal. Shrigonda,  
Dist. Ahmednagar

## EDUCATION

- 2021 - 2024
- DIPLOMA IN COMPUTER  
ENGINEERING  
@ GOVERNMENT POLYTECHNIC  
PUNE

- 2024 - 2027
- BACHELOR'S IN COMPUTER  
ENGINEERING  
@ GOVERNMENT COLLEGE  
OF ENGINEERING AND  
RESEARCH, AVASARI KHURD

## SKILLS

- Project Management
- Data Science and Machine  
Learning
- Teamwork
- Java , Python Programming
- Android Programming
- Effective Communication
- Critical Thinking

## PROGRAMMING CONCEPTS

- C
- C++
- Java
- Python
- Data Science
- Android, MYSQL
- Machine Learning

# SAKSHI RAMDAS GORE

## COMPUTER ENGINEER

## PROFILE

To obtain a challenging career in IT Industry and put all my efforts in growth of organization and have a great working environment. Enthusiastic and dedicated Computer Engineering diploma student with hands-on experience in machine learning and Python projects, seeking a position in the IT industry to leverage my technical skills and contribute to innovative solutions.

## INTERNSHIPS

- Innovatus Technologies** JUNE 2023- JULY 2023  
Java Programming using Machine Learning
  - During my internship at Innovatus Technologies, I focused on Java programming with a specific emphasis on integrating machine learning into applications. This experience involved applying ML techniques within a Java framework, likely enhancing your skills in building efficient, data-driven systems.
- CodSoft** june 2024- July 2024  
AI/ML Intern
  - At CodSoft,, my AI/ML internship focused on developing and implementing machine learning models and algorithms. This role likely involved hands-on experience with data preprocessing, model training, and evaluation.
- Internpe** July 2024 August 2024  
Machine Learning Intern
  - During my ML internship at Internpe, I worked on several projects that involved applying machine learning techniques to real-world problems. You completed projects like IPL Winning Team Prediction, Car Price Prediction, Diabetes Prediction, and Breast Cancer Detection. These projects allowed me to gain practical experience in data handling.

## PROJECTS

- Blood Donation Management System Using Machine Learning
- Laptop Price Predictor
- Earthquake Damage Prediction
- IPL Winning Team Prediction
- Breast Cancer Predictor
- Car Price Prediction
- Diabetes Prediction
